Mingle and Network – Sundowners & Light snack served!

Dr Brian Mazabane

Orthopaedic Surgeon

(specialising in Spine Surgery)

Dr Mazabane practices at Suite No.04 and can be contacted at
012 798 7003 | 062 032 3623

Dr Ndabezinhle Brian Mazabane started his early education at Bulawayo, Zimbabwe and then relocated to the UK to pursue his career in medicine. On his return from the UK, he completed his Bachelor of Medicine and Bachelor of Surgery (MBChB) degree in 1986, and later his Master of General Surgery degree in 1996.

He started working at Limpopo Provincial Hospital from 2004 to 2006 after completing the necessary HPCSA requirements for registration as a General Surgeon. He was asked to join the Orthopaedic Surgery Department when they were challenged with a shortage of medical staff. It was during this tenure that he met Prof R Golele who encouraged him to further his studies by enrolling for a degree in Orthopaedics Surgery, and he subsequently qualified as an Orthopaedic Surgeon from the University of the Free State in 2011. He was later employed at the Witbank Provincial Hospital from 2012 to 2014.

Dr Mazabane's passion was not only in general Orthopaedics, but in Spine Surgery in which he has attended many courses locally and internationally. He attended spine skills courses sponsored by Medtronic in Cape Town. In 2012, he went to Adana Turkey for a Spine course sponsored by Stryker for six months. During this course, he acquired skills in deformity correction and minimally invasive spine surgery.

He held the post of head of the Spinal unit and head of Orthopaedics at Pelonomi Hospital from 2016 to 2018. He opened his first private practice at Lenmed Randfontein from 2019 to 2021, then later moved to Zamakhuhle Private Hospital in 2021 – 2022.

Dr Mazabane's special interests are the management of backache and limb deformity correction. Despite his interest in Spine Surgery, he does general Orthopaedic pathology and joint surgery. He strongly believes that patient management is a team effort and Orthopaedics is his passion and joy.

Dr Takalani Morulana

Paediatric Surgeon

Dr Morulana practices at Suite No.05 & 06 and can be contacted at 012 798 7002 | 078 322 7546

Dr Takalani Gidion Morulana embarked on his journey in the field of medicine, culminating in his remarkable career as a dedicated Paediatric Surgeon. He commenced his academic pursuit with a Bachelor of Medicine and Bachelor of Surgery (MBChB) in 2011 at the esteemed University of Limpopo (MEDUNSA).

Following the successful completion of his studies, he began his professional journey with an internship at Leratong Hospital in Gauteng, gaining valuable clinical experience that would shape his future. Subsequently, Dr Morulana served his community through medical officer duties in the Polokwane/Mankweng complex, further honing his medical skills and dedication to patient care. It was during his tenure in the general surgery wards in Limpopo that his passion for paediatric surgery was ignited, setting the course for his distinguished career.

Driven by this newfound passion, Dr Morulana continued his educational journey by pursuing advanced studies in Paediatric Surgery through the College of Medicine of South Africa (CMSA). His relentless dedication led to the prestigious achievement of a Fellowship in Paediatric Surgery (FCPS) in 2022, cementing his status as a specialist in the field.

In a testament to his unwavering commitment to excellence, Dr Morulana went on to earn a Masters of Medicine in Paediatric Surgery from Sefako Makgatho Health Sciences University (SMU) in 2023. This significant accomplishment further underscored his dedication to advancing his knowledge and skills in the realm of paediatric surgery.

Dr Morulana's passion for his work is vividly evident in his special interest in the management of paediatric colorectal conditions. His profound love for the young lives in his care is reflected in his personal commitment: "My undying love for the innocent children is unmatched, and I dedicate my time to learning more and offering all within me to resilient young lives".

With his expertise and compassionate approach, Dr Morulana stands as a beacon of hope for children in need of surgical care.

Dr Nkosipendule Mzayiya

Orthopaedic Surgeon

Dr Mzayiya practices at Suite No.16
and can be contacted at
012 798 7089 | 072 362 3858

A Hip and Knee Replacement Specialist!

Dr Nkosipendule Lindani Mzayiya is a highly skilled and dedicated specialist in hip and knee replacement surgery, with a particular focus on robotic, primary, and revision replacements. A humble and committed practitioner, Dr Mzayiya earned his medical degree from Walter Sisulu University (WSU) in 2005. He completed his internship at the Bloemfontein Hospital Complex and his community service at Cofimvaba Hospital, where he later served as Principal Medical Officer of the ARV Clinic.

In 2009, Dr Mzayiya began his journey in Orthopaedics as a Medical Officer at Frontier Hospital in Queenstown, later moving to Bedford Orthopaedic Hospital. Over the past decade, he has honed his expertise in this field. From 2010 to 2014, he pursued further specialisation at the College of Medicine South Africa (CMSA) and Sefako Makgatho Health Sciences University (SMU), formerly known as MEDUNSA, culminating in his focus on joint replacement during his final year of training.

Dr Mzayiya has been an integral part of the Arthroplasty Unit at SMU since 2014 and completed a fellowship with Smith & Nephew in 2015. As a senior consultant for the past five years and a private practitioner since 2014, he has gained extensive experience in joint replacement surgery, particularly in knee and hip arthroplasty, unicompartmental replacement, and robotic-assisted surgeries. He is also well-versed in the revision of knee and hip replacements, with a special emphasis on early and enhanced recovery programs.

With the advent of the 4th Industrial Revolution, Dr Mzayiya is at the forefront of utilising robotics in knee and hip replacements, ensuring he remains equipped to deliver cutting-edge surgical care.

Dr Nkosipendule Mzayiya practices at Botshilu Private Hospital.

Dr Malose Makgoka

General Surgeon

Dr Makgoka practices at Suite No.12
and can be contacted at
012 798 7023 | 072 362 3858

Dr Makgoka is a highly accomplished and dedicated specialist surgeon with a strong foundation in both academic and practical aspects of medicine. He began his medical journey by earning a Bachelor of Medicine and Bachelor of Surgery (MBChB) from the University of the Witwatersrand (WITS) in 2009, where he qualified as a Medical Practitioner.

Following his graduation, Dr Makgoka undertook his internship at the Port Elizabeth Hospital Complex, where he gained valuable hands-on experience in various medical disciplines. He then completed his community service in the Limpopo Province, further deepening his commitment to providing quality healthcare in under-resourced areas.

Driven by a passion for surgery, Dr Makgoka pursued specialisation in General Surgery, ultimately qualifying as a Specialist Surgeon. His dedication to advancing surgical techniques led him to complete a Master's degree in General Surgery at Sefako Makgatho Health Sciences University (SMU), where his research focused on laparoscopic splenectomy, a minimally invasive surgical procedure that has become increasingly important in modern surgical practice.

Between 2018 and 2020, Dr Makgoka broadened his clinical expertise by working at several prominent healthcare institutions, including Kiaat Private Hospital, Busamed Lowveld Hospital, and Rob Ferreira Provincial Hospital. During this time, he was instrumental in delivering high-quality surgical care, particularly in the areas of general and laparoscopic surgery.

Dr Makgoka's extensive experience, combined with his commitment to patient care and surgical innovation, positions him as a leading figure in his field. He continues to contribute to the advancement of surgical practices, ensuring that his patients receive the best possible outcomes.

Dr Nombulelo Metuse

Plastic & Reconstructive Surgeon

Dr Metuse practices at our satellite practice at BMR Clinic, Block DD and can be contacted at 012 942 6611 | 083 267 4368

Dr Nombulelo Patricia Metuse was born in Welkom, in the Free State province. She grew up in King Williams Town, in the Eastern Cape. She obtained her MBChB degree at the University of Limpopo (MEDUNSA) and Masters degree (MMed) in Plastic Surgery at the University of Pretoria (UP). She is the first black female plastic and reconstructive surgeon to qualify from UP. She has been serving in the public sector for over 12 years and the private sector for 5 years.

Dr Metuse has a special interest in Cosmetics, Aesthetics, and Craniofacial plastic surgery. She is passionate about teaching, and she currently lectures to undergraduate and post-graduate students at UP. She believes an informed patient is the most compliant, hence she invests more time in educating her patients.

She offers the following services:

For the Face:

- Blepharoplasty
- Otoplasty
- Cleft lip and palate repair
- Botox
- Brow lift
- Lip lift
- Face lift
- Skin cancers excision plus reconstruction
- Lip reconstruction
- Eyelid reconstruction
- Nasal reconstruction
- Cheek reconstruction
- Trauma

For the Body:

- Mommy make over
- Abdominoplasty
- Labioplasty
- Liposuction
- Scar revision plus keloids treatment
- Brachioplasty
- Burns care: acute and chronic difficult wounds
- Breast reconstruction
- Breast augmentation
- Breast reduction
- Breast lift
- Gynaecomastia

Dr Cecil Pule

Vascular Surgeon

Dr Pule practices at Suite No.01
and can be contacted at
012 798 7030 | 079 500 3182

Dr Pule is a dedicated and patient-centered medical professional, currently serving as a Vascular Surgeon at Dr George Mukhari Academic Hospital. He began his medical training at the University of Limpopo (MEDUNSA), now known as Sefako Makgatho Health Sciences University (SMU), where he earned his medical degree in 2011.

Dr Pule served as a Community Service and Medical Officer in the North West Province, working in the Ngaka Modiri Molema and Bojanala districts respectively, where he demonstrated his passion for community healthcare by giving back to his hometown.

In October 2015, Dr Pule embraced the role of Surgical Registrar at Dr George Mukhari Academic Hospital, a position he held with distinction until June 2021. He then showcased his expertise as a General Surgeon and consultant at Job Shimankana Tabane (JST) Provincial Hospital in Rustenburg for 10 months before commencing his Vascular Surgery training at Wits University, which he completed in April 2024. During this period, he was actively involved in teaching students, interns, and Registrars aspiring to become General Surgeons.

Dr Pule plans to leverage this extensive experience as he embarks on establishing his private practice. Renowned for his meticulous approach to patient care, Dr Pule has built a reputation not only as a trusted surgeon but also as a trailblazer in surgical research. Having successfully cleared the Fellowship of the College of Surgeons (FCS) exams and the Sub-specialty in Vascular Surgery from The Colleges of Medicine of SA (CMSA), his commitment to continuous learning and research is evident. Additionally, he has completed his Master of Medicine at SMU.

With a profound interest in Aortic Surgery, Dr Pule envisions delving deeper into this specialised field.

PRIVATE FIXED FEES FOR YOUR *PLANNED SURGICAL PROCEDURES*

Wish to do a surgical procedure in a private hospital but you are not on medical aid or are you simply planning to save your medical aid funds?

Worry not, we have you covered!
